

Sustainable Future Technologies – Where Sustainability Meets Thematic Investing?

Technology is the science of solving problems and its innovation is required for our world to meet the many challenges it faces. Investing in sustainable technologies provides investors with an avenue to drive positive change in not just environmental but also social issues. As the next generation of digital natives grow increasingly focused on sustainability, there are both significant and very broad investment opportunities within the sustainable technology sector.

Richard Clode

Richard Clode is a Portfolio Manager at Janus Henderson Investors, a position he has held since joining Henderson in 2014. He is responsible for co-managing the Global Technology Leaders and Sustainable Future Technologies strategies. Prior to Henderson, Richard held positions with Gartmore, Moore Capital, and Pioneer Investments as a technology analyst in emerging markets. He began his career in 2003 in the technology sector at Herald Investment Management, where he was a portfolio manager. Richard received a first class honours degree in modern history from the University of Oxford. He holds the Chartered Financial Analyst designation and has 18 years of financial industry experience.
